4th International Conference on Ionizing Processes

August 11–15, 2024 • Notre Dame, USA

The 4th ICIP aims to bring together leading scientists and researchers from all ionizing radiation fields and their applications in nuclear energy, materials synthesis, and medicine. This conference will be focused on the exchange of experience and research results, as well as on attracting the younger generation of scientists in the field of radiation processes. Please see the list of Invited Speakers.

Key Topics
- Fundamental Advances in Radiation Chemistry
- Radiation-induced Effects in Biochemical Systems
- Radiation-driven Processes in Nuclear Environments
- Radiation-induced Materials Synthesis and Damage
- Theoretical and Computational Radiation Science
- Radiation Chemistry and the Environment

Registration fee
- Early Bird Rate, before May 31, 2024 - $650
- Regular rate, after May 31, 2024 - $750
- Guest / Accompanying Person $200

Submission of Abstract and Registration Fee can be accessed through our website

The current ICIP 2024 Steering Committee:
- Ireneusz Janik, ICIP 2024 Chair, University of Notre Dame, USA
- Aliaksandra Lisouskaya, ICIP 2024 vice-Chair, University of Notre Dame, USA
- James F. Wishart, Founding Chair, Brookhaven National Laboratory, USA
- Mohamad Al-Sheikhly, ICIP 2018 Chair, University of Maryland, USA
- Gregory P. Holmbeck, ICIP 2022 Chair, Idaho National Laboratory, USA
- Jay A. LaVerne, Early Research Scientists Advisory ICIP 2024 Committee chair, University of Notre Dame, USA
- David Bartels, Invited Speakers Advisory ICIP 2024 Committee chair, University of Notre Dame, USA
- Ian Carmichael, University of Notre Dame, USA
- Clelia Dispenza, Università degli Studi di Palermo, Italy
- Mark Driscoll, College of Environmental Science and Forestry, USA
- Christian Schöneich, University of Kansas, USA
